

SIMPLE BOW TUNING GUIDE

Simple Bow Tuning.

Mike Stanley 1993.

(NB. Always make a note of the adjustments made)

1. Set bow up for centre shot. eg:
2. Pressure button out till arrow tip passes bow centre
3. Spring pressure set to medium
4. Shoot at aim point 3 fletched and one bare
5. Adjust, till bare shaft is grouped with all the fletched arrows.
(check arrow flight at long distance and groups)
