

# WHITE ROSE ARCHERS - OSPREY BADGE SCHEME

The scheme is for all new starters in their first twelve months of shooting, and juniors up to age 18.

To achieve any badge you have to shoot a certain handicap at a specific distance for each bow style, i.e. for a senior gent (recurve) to achieve a Blue badge he would have to shoot at least at 40 yds/40 metres and his handicap for the round would have to be between 60 and

If on your first round you shoot, for example, a handicap of 64, then the first badge awarded will be a Black badge and you will have bypassed a White badge (though bypassed badges can be purchased).
