

WHITE ROSE SUMMER KNOCKOUT COMPETITION

The format for 2018 has changed and will not be a knockout competition this year. There are four rounds to be shot over four months and the best three handicapped scores from those rounds will determine the winner. It is open to any archer who has been a club member from 1st January 2018.

- The four rounds must be shot between May and August inclusive, in any order and at any time;
- Any bow style can be shot on any round (as long as a qualifying handicap is held for that bow style);
- The handicap used at the time of the shot round will be the archer's current handicap;
- **All scoresheets used for the competition must be clearly marked "Competition"**
- Please do not 'stack up' scoresheets before submitting them to the Records Officer, as this affects the handicapping system and for this reason they will be returned;
- The qualifying rounds are:

Seniors – Western
National
Long Metric III
Short Metric I

Juniors – Junior Western
Junior National
Long Metric V
Short Metric III
